When you pay your toll, you will be issued with a receipt and a sailing coupon, which you will be required to show in the event of an inspection. Stick the sailing coupon to the front of your boat, on the starboard side, and ensure that it is visible from the outside in all circumstances. Inspections may be conducted at any point on the network, either by authorised VNF or Waterways staff (byelaw 93-1243 published on 19/11/1993), or by the law-enforcement authorities. You will be reported in the event of a breach of these rules. Offenders are liable for a fine in accordance with the law, and may, in certain circumstances, and subject to the agreement of the State Prosecutor, be offered the option of a fine to prevent further legal action.

What you need to know :

All pleasure boat owners are required to pay the toll*. Vessels less than or equal to 5 metres in length and with engines with a rated capacity of less than 9.9 hp (i.e. 7.29 Kw) are exempt, as are all boats used by certain public authorities (byelaw of 26/12/96).

Tolls are payable every time the boat sails on navigable waterways managed by VNF in accordance with the applicable regulations, and entitle boat users to normal use of public rivers. In this case, sailing means boat travel, regardless of whether this involves passing through locks. It's important to note that the coupon is not exchangeable, not refundable, not cancellable and do not include:

- payment for a number of special services, including towing through underground passageways, the use of lifts, water slopes, etc. or passing through locks outside sailing hours, and other specific facilities.
- mooring fees, in particular in ports or at certain landing piers providing specific facilities for recreational boaters.

* Law of 29/10/90, article 124 – byelaw of 20/08/91, articles 2, 3 and 5, amended by byelaw n° 2004-1425 on 23rd December 2004 – VNF Board decision on 17/12/2010.
